INDO-CARIBBEAN CONFERENCE

On
Development & Optimization of Methods
For The Analysis of Pharmaceuticals

(18th-19th July 2018)

In Collaboration With
Madhya Pradesh Council of Science & Technology
&
Association of Pharmacy Professionals
(M. P. State Branch)

Organized By:

SHRIRAM COLLEGE OF PHARMACY

Approved to : AICTE, PCI and affiliated by RGPV

ShriRam College of Pharmacy

ShriRam College of Pharmacy has been established by "Dayal Seva Evam Shiksha Samiti, Morena" in 2003, with the view to provide excellence in pharmacy education and to create an environment for blooming of pharmacy professionals. ShriRam College of Pharmacy is a part of the ShiRam Group of Colleges, comprising of SRCCEM & SRIIT. The parent institute established in 1998 and the newly born Pharmacy college is nurtured with care under the protective umbrella of the parent institutes. The motto of ShriRam College of Pharmacy as specified on the mono, is "SARVE SANTU NIRAMAYA", meaning that all living beings remain healthy & disease free.

About Gwalior City

Situated in the state of Madhya Pradesh, the cradle of great dynasties ruled the city Gwalior from the Great Rajput clans of the Pratiharas, Kachwahas and Tomars to Scindias who have left infaceable marks of their rule in this city of palaces, temples, monuments and majestic fort.

About Conference

During last decades an increasing number of pharmaceuticals and their derivatives specifically targeting health disorders has appeared in the worldwide marketplace. This highlights the need for a critical evaluation of quality, safety and efficacy of these products. Analytical method development and validation are the continuous and inter-dependent task associated with the research and development, quality control and quality assurance departments. Analytical procedures play a critical role in equivalence and risk assessment, management. An effective analytical method development and its validation can provide significant improvements in precision and a reduction in bias errors. The present conference deals with development and optimization of methods for the analysis of pharmaceuticals to ensure its quality, safety and efficacy. This conference brings together academicians, young investigators, researchers, industrialists to provide scientific platform and explore the ideas and issues concerned to relevant topic and generate solutions.

Poster Presentation

Each poster will be allotted a board space measuring 36"x 48". All poster presentations will be in English with Times New Roman Font (Font Size 12). The text should be rendered with a sufficiently large font to be legible from a distance of 1-2 meter. Best poster will be awarded the prize.

Oral Presentation

Abstract will be in English with Times New Roman Font (Font Size 12) within 150 words.

Key features to include in the Presentation, You will be given 10 minutes for your presentation (including discussion), Clear, concise overview of the research paper, Brief literature review (optional), Key facts, methods of analysis and results relating to the research question, Author's conclusion and points of discussion, Appropriate references.

The acceptance of your paper is made with the understanding that you will register and attend the conference to present the paper.
